

KIDS FOR TIGERS

Students of classes 4 to 7 of PSBB T Nagar had an interesting and interactive guest lecture with Mrs. Sreelekha of The Wild Walk, as part of Kids for Tigers Programme on 15th October 2016. An educational power point presentation on the fate of caged tigers in America threw light on poaching and illegal trade and breeding of tigers. Many short video clips were shown to highlight the importance of forests and wild life. The question and answer session also enlightened the students on several aspects of wildlife conservation. Mrs. Sreelekha appreciated the students and teachers for their active participation in the Kids for Tigers events and applauded the fantastic work displayed on the school notice board for the topic given for each month.
