

Connecting Science and Math through Music

Students of PSBB T. Nagar were given a chance to participate in a prestigious innovation competition conducted by Rhapsody. The topic of the competition was '**Connecting Science and Maths through Music**'. In the preliminary stage, all the registered schools were given 3 musical clues each. Based on the solution for each clue, the schools were required to come up with various innovative and practical ideas foreco-friendly and energy efficient projects based on the clues. They had to finally send a synopsis with diagrams/ pictures for support.

Our school qualified for the finals which took place on 14th November at the Vidya Mandir School at Mylapore. The esteemed judges were Mr. Anil Srinivasan, Dr. Sudha Raja and Prof. Ashwin from IITM. Each of the seven teams was given 6 minutes to present their novel ideas on the clues – Solar Energy, Dams and Fibonacci Series and 4 minutes for the question and answer session. PSBB T Nagar won the 3rd prize. It was an educational and interesting event for all participants since it combined music with math and science.
