Our Vice Principal, Mrs. Durga Chandrasekar addressing the students

On the 6th of July, 2017, we had the Annual Prize Distribution Ceremony in our school. The programme started with an invocation to the Almighty followed by a Power Point presentation on the achievements of the students of our school in both Scholastic & Non-scholastic areas. The presentation invoked excitement in all the students as they cheered when they saw their friends. Then the awaited moment began. There was a frenzy of excitement all round as everyone received their prizes. Finally, our Chief Guest and former Sr. Vice Principal, Mrs. Chandra Nagarajan spoke to us. She told everyone a story about Michael Faraday and how he worked his way up to become a great scientist. We understood that with hard work and sincerity, all of us can achieve success in our field of interest. At the end of the ceremony, everyone felt that they too could get a prize the following year if they made the best use of their talents.
