

Dancing Up a Storm

Sadhana Madhavan XII C
Narrator of the Story

Shreyaa Suresh XII C
Dancer

Since time immemorial, man has taken great pleasure in unleashing his imagination, conjuring up many a tall tale. And while every soul treasures such stories in their heart, there are few who share the fruit of their creativity with the rest of the world, taking up the mantle of a storyteller. Shreyaa Suresh and Sadhana Madhavan of 12 C can count themselves amongst these numbers as they emerged as finalists in the "Storytelling through Dance" competition conducted by Cambridge English, and the Australian Trade and Investment Commission, submitting a video based on mankind's exploitation of nature. We must strive to keep adding such feathers to our collective cap in the years to come.
