

KKN hosts Mathematics workshop for city school Teachers.

The Institute of Mathematical Sciences (IMSc), Chennai joined hands with PSBB, KKN to host a 2- day workshop on 'Enriching Mathematics Education' for high school teachers of the city. The programme was attended by 85 Mathematics teachers handling classes XI & XII from 40 schools.

Eminent professors from IMSc took centrestage , delving into the depths of complex theories and non-routine problems, helping the teachers expand their horizon and enrich their knowledge database. Integreble functions, Dandelin spheres, Hyper planes, Mean value theorems and Pentaminoes captured the audience' attention as the lectures unfolded playway methods of making classroom teaching interesting.

Heads of KKN graced the inaugural session and gave away mementoes to the guest speakers. Officials from IMSc thanked the school management and expressed satisfaction and gratitude at the successful conduct of the workshop.

Roving Reporters-KKN

Inaugural Session- Prayer

Welcome Address by
Sr. Vice - Principal Mrs. Malathy Santhanam,

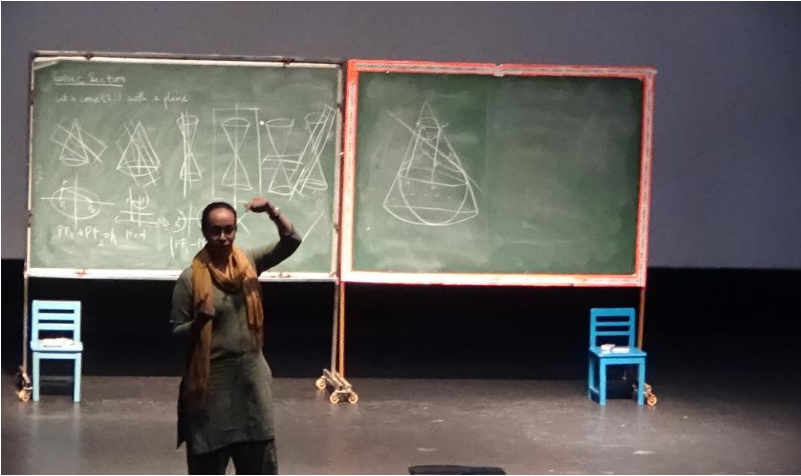

Mrs. Chandra Srinivasan , Advisor- Academic & Admin

Mrs. Booma Rengarajan, Asst. Vice Principal ,

felicitating guest speaker Prof. Anirban Mukhopadhyay

felicitating guest speaker Prof. Ramanujam

Ms. Varuni explains conic sections

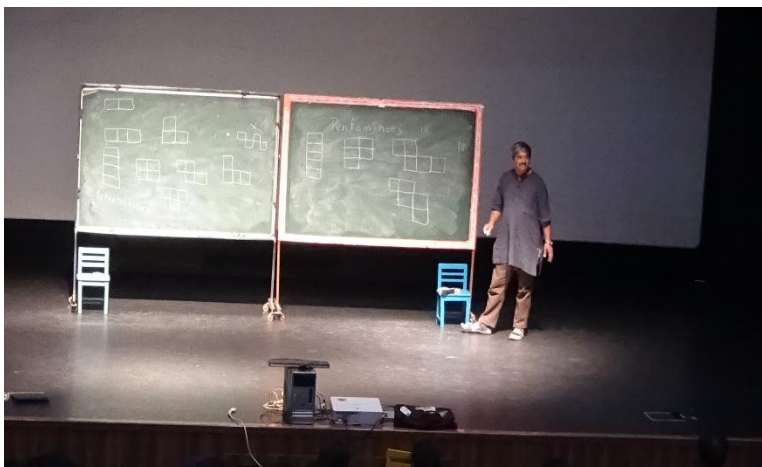

Teachers engrossed in hands –on activity

Prof. Shankaran discussing n- dimensional planes

Mr. Lakshminarayanan talks on number theory

Prof. Ramanujam illustrates project work

Prof. Viswanath (alumnus, kkn) expounds

The mean value theorems
