

WHEELS OF GRANDEUR

Sujanitha R of XII C has done the school and the country proud by participating in the World Roller Games, held from 27th August to 10th September in Nanjing, China. She took part in the Junior Ladies Solo Dance event, under the Artistic roller skating division.

Standing first at the selection trials, she immediately went into intensive training for 3 months, under the supervision of national coaches and a foreign coach flown in from Italy. Even though she suffered a major injury just a few weeks before the event, she worked through the pain and did the best she could.

The experience was exhilarating. To interact with world renowned skaters and observe their style was the biggest takeaway from the whole experience. Sujanitha placed 27th in her event. Kudos to her, and we hope she brings laurels to the country one day.
