

KKN TEAM WEAVES MAGIC AT BVM MATH FEST

KKN students have done the Math department proud by bagging the First Runner- up trophy in the Inter School Math Competition ‘MATHMAGIC’ conducted by Bhavan’s Rajaji Vidyashram on 30th November,2017 .

The competition invited the participation of students from class 1 to class 11 from nearly 25 city schools and included interesting events like puzzles and crossword, Math Relay, Math concepts through Origami and Tech Savvy.

This memorable victory was made possible with the encouragement and guidance of our Principal and Math Teachers and the support of the school management.

Kudos to the Math Department and wishing them more laurels in the future.

Receiving the first runner –up trophy from BVM Principal

The victorious team with the Principal, Mrs.Geetha Govindarajan
