

A TT CHAMPION IN OUR MIDST

The Diamond Jubilee Alumni Talk in February was given by Achanta Sharath Kamal, the famous table tennis player who graduated from PSBB Nungambakkam in 2000. An Arjuna awardee and the winner of many Common wealth Games, Mr. Sharath has certainly made our school proud.

Mr. Sharath talked about how PSBB helped him start on his journey of table tennis through the after-school coaching offered. He said that the school helped him balance both sports and academics. He talked about how the teachers in the school gave him extra coaching when he had to go for table tennis competitions and that they compensated the exams he missed when he went for matches.

Mr. Sharath also inspired the students by showing them that they did not have to choose either academics or sport and could make both happen at the same time. He answered all the questions the students had about table tennis and spoke a few words on the importance of maintaining academic scores.

Finally, Mr. Sharath summarized what he had said and told us to never give up on our dreams.
