

INTERNATIONAL MUSIC DAY

Music... The Universal Language

The International Music Day is an annual music celebration which takes place on 21st JUNE. It was introduced by Maurice Fleuret, the then Minister of Music and Culture in France. He had found that everyone out of two children in France played a musical instrument. So he decided to bring this musical talent out on the streets. So he set on bringing the World Music Day. The first music day was celebrated in Paris in the year 1982. Today this day is celebrated internationally.

The students of PSBB Siruseri celebrated the International Music Day on 20th June 2018. This began with a speech by Anuraag Shankar of 8A1 which included the origin, founder and significance of the World Music Day. Anuraag's speech was supported by a chart prepared by Vijeta of class 7. This chart spoke about famous all-time musicians like Beethoven and Mozart.

This was then followed by two songs sung by Devaki, Sneha, Smrithi, Meenakshi, Drshika, Janani and Divya with Shriram of 8B1 on the keyboard. The first song, 'Maithreem Bhajata' composed by Sri Chandrashekara Saraswathi Swamigal. The second song 'Fight song' composed by Rachel Platten, concluded the Music Day celebration. The International Music Day encourages and allows many people to show their musical talent. So it must be given a worldwide support.
