Steps Steeped in tradition

NAVRATRI

Victory of goodness over evil is celebrated as Navratri. According to tradition a Golu was kept in kindergarten activity room. Teachers brought sundal and Sweet pongal as neivedyam. The children from all classes visited the Golu as they would do in any other household. The Golu, its significance, story and tradition behind it was explained by the teachers to the students. Some of the students enjoyed singing hymns in praise of God. Thamboolam and Neivedyam were distributed to all teachers and ayammas in the school during the ninedays of this festival
