

VROOM TO GUINDY PARK

The children of Pre Kg went on a field trip to the Guindy National Park. They were looking forward to the day with great anticipation. As a safety measure, children of each section were dressed in the specific colour allotted to them. While in the park, the children could not believe their eyes when they spotted the different animals and birds which they had so far found only in pictures and books, come alive.

It was evident from their illustrations (follow up activity) that children were most fascinated by snakes and crocodiles. A memorable trip indeed and loads of learning.
