

ANIMAL KINGDOM

A class project on the EvS topic -Animal Life, titled - 'Animal Kingdom' was held on 15th March 2019 in I-C classroom. A horseshoe shaped furniture-arrangement was made for display of models and charts. Topics in animal life were divided amongst all four sections of Std. One.

Students of I-A presented the sub-topics a) animals and their babies b) the things we get from animals by hurting them c) without hurting them. They also carried a placard saying 'Stop killing us' so as to respect the rights of animals to live.

Students of I-B presented the sub-topics on a) animals and their habitat b) wild and domestic animals c) amazing facts about animals.

Students of I-C presented the sub-topics a) homes of animals- natural and man-made, b) movements of animals c) endangered animals.

Students of I-D presented the sub-topics a) herbivores, b) carnivores and c) omnivores. A five minutes video on sounds of different animals [birds, mammals, and insects] was played for the audience. A three minute quiz session was also held for the audience to guess the sounds of animals.

Students of Pre-kg, LKG, UKG and Std. Two visited the class project as they were learning about animal life at different levels as part of their EvS curriculum.

It was a very informative show as all the participants, teachers and audience had a great learning opportunity.
