

Padma Seshadri Bala Bhavan Senior Secondary School, K K N, Chennai - 78

THE SHOW DOES GO ON

21st of June, 2020 was a day of great significance for Indians as well as people around the globe. It marked the International Yoga Day, Fathers' Day, Summer Solstice, the Annual Solar Eclipse and Fête De La Musique. And for PSBBians, it was a day of added significance because that day served as yet another reminder of how 'the show *does* go on' at our school.

The Music Choir of PSBB Group of Schools came together virtually on the occasion of World Music Day and presented a song each. PSBB K.K.Nagar presented a medley themed 'Loka Samastha Sukhino Bhavanthu' for world peace and harmony in this hour of distress. The team, comprising secondary school students and recent alumni from the batch of 2020, guided by the music teacher, started working on this colossal project on 24th May 2020. After several rounds of recording and re-recording the audio to harmonise perfectly, the ball was passed to the instrumentalists who then perfected the piece. The visuals were then shot and all portions were assembled to produce the final video. The whole process could be compared to the parts of a well-oiled machine.

Through this venture, the participants not only showcased their musical talents but also learnt important skills like audio and video editing within a short period. In such testing times, PSBBians continue to push their boundaries and enthral viewers. The video was shared with a message from our Dean and Director & Correspondent, Mrs. Sheela Rajendra who quoted our beloved Founder, Dr. Mrs. YGP "More things are wrought by prayer than this world dreams of" and also lauded the efforts of the students and the teachers.

As we embrace remote learning and digital classrooms, it is befitting that co-curricular activities are equally promoted on these platforms for holistic education. After all, most of the important things in the world have been accomplished by people who have kept on trying even in the face of adversity.
