74th Independence Day of the nation was celebrated by PSBB KKN with zeal and unwavering enthusiasm. Taking the obstacles on their stride, every PSBBian wore patriotic fervour on his sleeve and kept up the spirit of the event.

Freedom is a sense of belonging that needs to be savoured and celebrated. Every programme depicted the quintessence of this conviction.

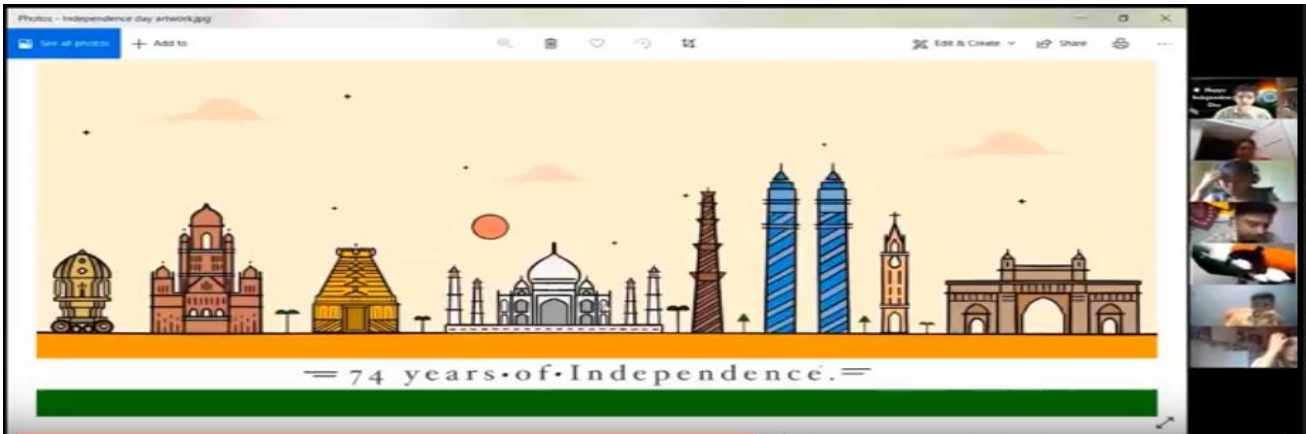

The songs, dance items, elocution, recitation, creative illustrations, Quiz and PPTs portraying India's glory and reminiscing our rich past was a feast to the eyes. Many a hidden talent was brought to the screen (lime) light.

The collaborative work of the teachers and students went on to indicate the kind of unity and team work that the country needs among people, at any level, to make it big at the world forum.

The grandeur of the decorated stage, the march past and the physical assembly was missing. Nevertheless, it was a celebration of students' creativity that unlocked positivity and earnest love for the mother land.

On a lighter note...

10 What is the National Food of India?

This dish has been chosen because it represents unity in diversity. It is something that is relished by the rich and the poor. It is also considered one of the healthiest prepared food.

(I can't show any pictures, because that would make this very easy)
