

PSBB SEN.SEC.SCHOOL,SIRUSERI

SAFE DIWALI

During the first week of November, PPT and poster making activities were assigned to the students of the Health club on the topic – **SAFE DIWALI**. Their contributions were compiled and made into a single video. The In –house health nurse also prepared a video on First aid for burns and safety measures to be followed while bursting fire crackers. Both these video links were sent to all teachers as per the advice of school Principal and HM .These were played and explained to the students from class Pre KG to class 12 on 11th and 12th November 2020.
