

Talent Rewarded at Tarang 2020 !

At a time when the only way one can get in touch with other people is through the internet, Tarang '20 transitioned to an online format seamlessly, creating an atmosphere of joy and excitement for all the participants no matter where they were. Conducted on the 4th and 5th of December by the PSBB Millennium School, Gerugambakkam, on the online platform 'Discord', the cultural event, whose theme was 'Minimalism', proved to be a source of fun and enjoyment for everyone involved.

Tarang consisted of multiple events that tested skills in a range of fields. There were the flagged events, such as 'Fandomania', 'Fort Boyard', 'Two Faced', 'One Mic Stand' and 'Whose Line Is It Anyway', that assessed humor, creativity and spontaneity. Then there were the non-flagged events like 'Shark Tank', based on the eponymous TV show, where participants pitch ideas to a group of investors or 'Sharks'. There was even a Call of Duty tournament and offline events such as 'Trailer It Up', 'Synthesis' and 'Step Up' were also conducted, where participants submitted movie trailers, music parodies and dance videos respectively. There were also multiple sub-events ranging from a Meme-athon to Pixel, a photography contest, to Craft a Block, where participants built structures in Minecraft.

Finally, near the end of the event, the top eleven students were chosen from all the flagged events to participate in the 'Winner's Event' where the rounds were randomised and a chaotic mix of laughter and punchlines reigned, in a race to earn the title 'Mr/Ms Tarang'.

Tarang concluded with a valedictory ceremony where the prizes were announced.
