

## Secrets of the Celestial

Dr.K.V . Balasubramaniam took the students of std 9 by storm with his interesting lecture session on 'Southwest Monsoon' on 29 th March 2021

A retired meteorologist and a master in Tamil language and literature spoke with an effortless and unmatched energy to unravel the mysteries of some captivating themes such as: Why do seasons change on Earth, ITCZ, El Nino, Difference of rainfall spread over India, Phases of Indian monsoon etc.

And all these seemingly complex topics, could be understood so easily when it was from the mouth of the wizard of weather himself. To further simplify comprehending the south west monsoon winds, Dr KV Balakrishnan used colourful maps that ignited the spark in the audience and illuminated the fire of knowledge amongst the virtual gathering

It was a great learning experience for the students.
