TIMES OF INDIA

Was awarded with a trophy and an excellence certificate.

"Hard work beats talent when talent doesn't work hard." - Tim Notke

We are born innocent and talented. Only those who use their talent, combining it with hard work can reach the pinnacle of Mount Olympus - where the gods reside. See if you have what it takes to reach Athens, home of the Goddess of Wisdom. Hera, Greek Goddess and one of the twelve Olympians, would agree that this would be a Herculean ordeal too.
