Floral Fashion Designing Art

On the 28th of August, the students of the Art club from classes IX and XI met virtually to make their own floral illustration of fashion which was organized by H. Sneha (XIB1). The aim and main focus of this activity was to showcase the inner talent of fashion designing. Floral design or flower arrangement is the art of using plant materials and flowers to create an eye-catching artwork. This activity took us about an hour and it definitely enhanced our passion towards fashion designing which has become a much sought-after career nowadays.
