

Dentertive- Talk by a Dentist

Students of class 4 of PSBB T. Nagar got an opportunity to interact with **Dr T. Elangovan**, Oral Pathologist, a Certified Implantologist and Certified Digital Smile Design Practitioner on the virtual platform.

The dentist clarified the doubts and questions raised by the students and made them realize the importance of maintaining oral hygiene.

The session was extremely interactive as he conducted a quiz on amazing facts about teeth. He also showed an animated video to explain how to brush teeth properly.

It was an interesting and extremely enlightening session.
