

Std One project on “People Who Help Us”

“Always have an Attitude of Gratitude”.

-Sterling. K. Brown.

Gratitude is a Virtue. To be grateful is a value by itself. When we look around, we find many people who help us on a daily basis and make our lives easier and simpler.

In order to highlight the importance of these people in our lives the students of Std -One presented a class project on ‘People Who help Us’. The children played the roles of various common and a few uncommon helpers with enthusiasm and a sense of pride. The project showcased helpers like a soldier, a chef, a plumber and a goldsmith to name a few of them and the various life skills we learn from them.

The professional expertise and the tools used by various people who help us was explained in detail by the participants. The puzzle corner and the knowledge shared by the elf enriched the learning and take away.

As it is rightly said a person who feels appreciated will always do more than what is expected.

Students of UKG to Class 2 and few parents of Class 1 visited the project and shared their valuable feedback.
