

# COLOUR WEEK

## KG (KKN)

### PreKG

The colour week was observed by the PreKG students and teachers from 19/09/2022 to 23/09/2022 as a part of reinforcement of the colour concept. Every day, the children came dressed up in a particular colour code for a week's time (Monday - Blue, Tuesday - Red, Wednesday - Green, Thursday - Yellow and Friday - Purple). The objects of respective colours were shown to children and related art activities like cotton dabbing, earbud printing, colouring, and free drawing were carried out as a follow-up. Children participated enthusiastically in the activities and enjoyed the color week.

# LKG

LKG Children and teachers dressed up in that particular colour during that week.. Discussion on the 'Colour of the day' helped in reinforcement of the concept. Pictures of objects in the particular colour were displayed on similar colour balloons each day.

## UKG

### **‘Colours, the smile of nature Fill our eyes with pleasure’**

Teachers and children of UKG spoke about colours and sang rhymes on colours. Clad in colourful dresses as per the colour of the day, children identified the objects that are associated with each colour and pictures were drawn on the board which enhanced their visual discrimination and it was an excellent learning experience for children.
