

Values from the Gita

A Bhagavad Gita Parayanam was conducted at PSBB T. Nagar on the 8th of December from 9:00 am to 12:00 noon. This was organized as part of the “Gitamruta Karyakram ” conducted by Samskrita Bharati. Samskrita Bharati is an organization that not only teaches Samskrit as a spoken language but also tries to help students learn values from the scriptures.

The seminar hall was aptly adorned with beautiful decorations with various pictures of Lord Krishna right from his tender age upto his Vishvaroopam and numerous charts depicting different slokas of the Bhagavad Gita with their meaning. Mrs. Vijayalakshmi Raman, our Principal inaugurated the programme by lighting the lamp.

Fifty students, from classes IV to VIII chanted the 18 chapters of Bhagavad Gita with uttermost devotion as well as sincerity. Other students had the opportunity to listen to the mass chanting. At the end of the Parayanam, Mrs. Usha, the programme convener gave a brief talk on Samskrita Bharathi and the Bhagavad Gita. She emphasized that everyone should learn the Bhagavad Gita and to understand the essence of it, one should learn Samskrit. She spoke about the various activities conducted by Samskrita Bharati like Spoken Samskrit classes, Correspondence Courses in samskrit, etc. An interesting fact that was shared by Mrs. Usha was that nowadays many scientists are researching on topics like Time Management in Bhagavad Gita, Statistics in Bhagavad Gita and various other Life Skills in Bhagavad Gita. To conclude, it was devotionally enthralling experience.
